Giuliana Vidoni — Eurotech (marketing committee)

Absent

Marco Carrer — Eurotech
Anita Bunk — Bosch (marketing committee)
Ishu Verma — Red Hat (marketing committee)

- 1. Adopt the minutes of the January 24, 2022 call**
The committee approved the minutes unanimously.

2. Community Survey

Hassan Jaber shared the details of the upcoming community survey with the committee. The aim of the survey is to measure satisfaction towards the community activities organized in the scope of the working group, such as the monthly community meetings. Foundation staff will also seriously consider implementing proposals made by the survey participants.

The survey will take place in April 2022 and will be targeted at Eclipse IoT community members. This includes the members of the IoT PMC as well as project leads and committers of projects under the IoT top-level project.

3. 2022 IoT and Edge Developer and Adoption Survey

Hassan Jaber led a review of the proposed questions for the 2022 IoT and Edge Developer and Adoption Survey. The members of the committee provided feedback that will be reflected in the actual survey.

The survey will take place from April to June 2022, as internal analysis determined this timeframe would provide the best response rate.
