Gregory Ivo — Eclipse Foundation
Jens Reimann — Red Hat

Excused

Paul Buck — Eclipse Foundation
Kai Hudala — Bosch (alternate)

Minutes

1. Adopt the minutes of the November 23, 2020 call

The minutes of the October 26, 2020 call were approved unanimously.

2. Fall 2020 internship: Demo #3

Greg Ivo briefly described the [use case and architecture](#) for the third demo he produced, which is focused on robotics and features Eclipse zenoh and the ROS 2 operating system from Open Robotics.

[The recording for the demo](#) is available on the Foundation's YouTube channel.

3. Marketing projects: update and transition

Frédéric Desbiens announced to the committee that Ioana Maftai and the Eclipse Foundation mutually decided to part ways. The Foundation thanks her for her contributions.

The Foundation will start the recruiting process for the position in January of 2021. The intent is to recruit a marketing professional in Ottawa Canada or anywhere in the Eastern time zone. The intent is to have the new marketing manager onboard during Q2 of 2021.

In the meantime, Clark Roundy will assume the interim.

4. 2021 Program plan follow-up: Internship Program

Frédéric Desbiens presented to the committee a proposal for an expanded internship program. The proposal defines two distinct internship types: one focused on developer evangelism and the other focused on software engineering.

The committee provided feedback to Frédéric, who will present a revised proposal at the January 25, 2021 meeting of the committee.
