1. Adopt the minutes of the September 24, 2022 call

Unfortunately, the minutes were distributed late and the representatives did not have the time to review them. The committee decided to vote on the September 24, 2022 minutes at the next meeting of the committee.

2. Introduction: Karla Ferrer, Head of marketing

The new Head of marketing of the Eclipse Foundation, Karla Ferrer, introduced herself to the committee. Karla has experience of the IoT industry and is excited to work with the Eclipse IoT working group.

3. Marketing update

Hassan Jaber delivered his usual [marketing update](#). He reported that the 2022 edition of the IoT and Edge Developer Survey obtained 22% more coverage on a year-over-year basis.

4. BCW 2022

Frédéric Desbiens and Hassan Jaber discussed the state of the preparations for Bosch Connected World 2022. The working group will have its largest booth ever at the conference, and ZettaScale will bring robots to perform demonstrations. Frédéric Desbiens stated he will moderate two networking tables and deliver two sessions from the booth. Those are listed in the conference's program.

5. 2023 Program Plan

The committee revisited the draft program plan and made several adjustments.

Once the discussion concluded, the following resolution was put to vote.

RESOLVED, the Eclipse IoT steering committee approves its 2023 program plan, as documented in [this document](#).

The resolution was adopted unanimously.
